ABOUT US

Welcome to Sparkon Textiles, based in Sangola, Maharashtra - a leading name in the manufacture and export of ready-to-wear garments, driven by a deep commitment to quality, community, and integrity.

WHO WE ARE

Founded in Sangola, Solapur District, Sparkon Textiles has steadily grown into a trusted manufacturer and exporter with a robust production facility spanning over 27,000 sq ft. With more than 400 advanced machines in our plant, we produce up to 60,000 units per month, supplying both the Indian and international markets.

WHAT WE DO

We specialize in a wide range of garments casual shirts, formal shirts, trousers, and much more catering to diverse styles and customer needs. Over the years, we have built strong partnerships with clients at home and abroad by consistently delivering high-standard products.

OUR FOUNDER

Mr. R. A. Rupnar is a distinguished industrialist with over 35 years of experience in designing, manufacturing, and delivering high-quality process equipment for diverse sectors-ranging from oil, chemicals and paint, to nuclear industries. His leadership of Sparkon Textiles has been marked by technical excellence, innovation, and a commitment to stringent quality standards. A true leader in the textile industry who blends technical expertise with empathy; someone who understands weaving, quality control, production time, material sourcing-and at the same time values people, listens to their challenges, and builds a culture of teamwork and continuous improvement.

OUR VISION

To be a leading textile brand known for uncompromising quality, innovation, and empowerment inspiring trust in every stitch, uplifting lives in Sangola, and serving the domestic & global markets with woven garments that make a difference.

OUR MISSION

To produce high-quality ready-to-wear garments for domestic and global markets with efficient processes and on-time delivery. We are committed to ethical practices, cost efficiency, and empowering our local community-especially women-through safe employment and skill development.

OUR SERVICES

● Ready-to-Wear Garment Production

Manufacturing high-quality woven garments for men and women, with complete in-house production from cutting to packaging.

● Sampling & Prototyping

Creating and refining garment samples from design inputs until final approval for production.

● Quality Control & Finishing

Inspecting garments at all stages to ensure quality, with finishing tasks like ironing, trimming, tagging, and packing.

● Washing Department

State-of-the-art washing machines for enzyme and sophisticated washes, hydro extractors, and drying tumblers.

● Custom / Private Label Manufacturing

Delivering private-label and branded garments as per client designs, from sampling to bulk production, with complete brand accuracy.

● Pattern Making & Grading

Preparing and refining manual or CAD patterns, including fit corrections and size grading.

● Embroidery

Advanced embroidery machines for detailed garment finishes.

● Packaging & Logistics Support

Packaging garments as per customer requirements and managing logistics to ensure on-time delivery.
